

## Industrial Visit at UNIQUE POWER LTD. – Junagadh.

The students of Electronics & Communication branch visited UNIQUE POWER LTD. Company at Junagadh. The company is based on manufacturing, testing and supply of Insulator & Conductor Hardware for EHV Transmission lines up to 400Kv. The students learnt cutting and designing of different transmission lines. Students also learnt manufacturing of Hardware for various voltage class transmission lines and earth wire accessories. Students are very satisfied with the practical aspects they learnt by this visit.
