

Expert talk
On
Current scenario in IT
industry
By
Mr. Pankaj Raythatha

Date: 28th December, 2018
Time: 12:00 PM to 01:00PM
Venue: Auditorium

Staying current in your field will require a strong mix of hard skills such as computer programs and the technical know-how needed to do your job, and soft skills such as general industry knowledge and communication savvy. As you build your knowledge, you'll soon be recognized as an expert by your peers. This trend creates the demand for the advancement in technology.

As a part of this our respectable trustee Mr. Parth Kotecha sir and respectable principal Dr. Vipul Vekariya sir arranged an expert talk on 28th December, 2018 by Pankaj Raythatha. He gives the valuable guidance to the students and faculty members about Artificial Intelligence, Java, .Net, Oracle, Angular .he also discussed Technology has important effects on business operations. No matter the size of your enterprise, technology has both tangible and intangible benefits that will help you make money and produce the results your customers demand. Technological infrastructure affects the culture, efficiency and relationships of a business. He also answered our student's question related to industry current scenario and made session very interactive.

At the end of session our respectable trustee Mr. Parth kotecha sir gives motivation about new innovation. He ends up his speech by giving vote of thanks to Mr. Pankaj Raythatha.
